

## **MEDIA RELEASE**

For immediate release

29 Jan 2020

### **Deferral of Marina Run 2020**

In light of the novel Coronavirus outbreak and information that we have gathered from various Government websites, we regret to inform that the Marina Run 2020 event slated for 15 Feb and the Race Pack Collection (RPC) slated for 8 & 9 Feb 2020 will be postponed to a later date. The rescheduled event date and RPC date cannot be determined now as we need to monitor the nationwide situation. Please understand that as the organiser of this event, our participants, volunteers and the public's health is paramount to us and we do not wish to put anyone at risk.

No action needs to be taken by registered runners as they will automatically be signed up for the new race date once it has been decided.

Please follow us on our Facebook page (<https://www.facebook.com/epicesr.sg/>) for any updates and information pertaining to this event. If you have any other questions, please email to [info@epic-esr.sg](mailto:info@epic-esr.sg).

Thank you very much for your kind understanding, patience and support in this matter.
